It is informed that, as per the instructions of the Director of Technical
Education, AP, it is mandated to establish Alumni Associations in all Polytechnics
in order to host an annual Alumni Meet open to all diploma holders.

It is a fact that the best help is given by those who have been in your
position before you. Alumni meet is organized not only to preserve a positive
relationship with alums but also to give students an opportunity to interact with
established professionals and emerging talent from a variety of organizations.
Alumni associations provide students with mentoring, insight into their chosen
fields, and employment prospects. It could play a substantial role in providing
scholarships to qualified students. Alumni impart their knowledge to students and
assist them in overcoming obstacles. Further, Alumni meet is organized to
recognize the efforts of former students and assist current students in their career
development. Not only that, an Alumni Meet is an excellent venue for discussing
the institution's fund-raising efforts.

In this connection, all the Principals of Government and Private Polytechnics
are required to establish Alumni associations and organize an annual Alumni Meet.
Further, all principals must host alumni meetings between **March 1st and 15th,
2023**, for the academic year 2022-23. Principals and concerned alums can meet
with the Director of Technical Education during the aforementioned days to offer
any pertinent suggestions.
